| <b>PRODUCT DETAILS</b>     | <p>Contents: Includes 10 van-shaped seed bombs, ready to turn any space into a thriving display of wildflowers, capable of covering up to 30sqft – akin to the footprint of 3 washing machines. Size: Bag: 120mm x 150mm; Tag: 85mm x 55mm. Material: This bag is made from a durable and eco-friendly mix of cotton, polyester, and linen, designed for reuse long after the seed bombs have been planted. It's ideal for further eco-friendly projects or everyday use. Swing Tag: Included is a swing tag made from premium 400gsm silk card stock, prepared for your vibrant, full-colour branding on both sides. It's secured with an rPET tag, utilising at least 90% post-consumer waste. Seeds: Nestled within each van-shaped bomb is a variety of onsite-grown wildflower seeds, chosen for their easy growth and vibrant impact on local biodiversity. Basil seeds are also available upon request for those seeking a unique touch, at an additional charge. Overview: Perfect for businesses on the move or those looking to drive their eco-friendly message home, the Van-Shaped Seed Bomb Bag combines practicality with creativity. Simple to plant with just a scatter and water approach, these seed bombs are designed to grow with minimal effort. Their distinctive van shape not only captures attention but also underscores your commitment to innovative and sustainable promotional practices, steering your brand towards greener horizons.</p> |
